

PMI-ACP® Exam Prep—Online

Course Description

This self-directed eLearning course for the all PMI-ACP® exams taken on or after October 15, 2015 covers everything you need to know to earn the new PMI Agile Certified Practitioner credential with the least amount of study time. As a student of this course you will learn exclusive test-taking strategies and tips, real-world agile tools and techniques, interactive exercises, nine lessons worth of study content and over 600 sample exam questions. If you are looking to earn the PMI-ACP® credential AND significantly boost your knowledge of Agile PM, this class offers everything you need—and more.

Course Features

In this course, students will have access to:

- A 9-lesson interactive tutorial
- 600+ practice exam questions
- Dozens of interactive exercises including over 200 quiz questions
- Nearly 300 audio and video clips
- Electronic access to RMC's best-selling study guide PMI-ACP® Exam Prep Second Edition book
- Satisfies PMI-ACP® exam requirement of 21 contact hours
- Electronic access to RMC's Hot Topics agile terminology and concept flashcards

Course Objectives

Upon the completion of this course, students will be able to:

- Understand the knowledge and experience requirements necessary to apply for and pass the PMI-ACP® certification exam
- Explain various Agile methodologies, and why they are used—including Scrum, XP, Lean, Kanban, DSDM, and more
- Identify their own personal gaps in Agile PM knowledge and create a study plan to address these gaps
- Explore the concepts of the Agile Mindset, Value-Driven Delivery, Stakeholder Engagement, Team Performance, Adaptive Planning, Problem Detection & Resolution, and Continuous Improvement
- Recognize and successfully navigate different types and forms of PMI-ACP® exam questions
- Become a better Agile project manager by applying agile concepts to your real-world projects

Course Outline

The course is organized into the following lessons:

- Welcome and Course Introduction
- About the PMI-ACP Exam
- Agile Principles and Mindset
- Value-Driven Delivery
- Stakeholder Engagement
- Team Performance
- Adaptive Planning
- Problem Detection and Resolution
- Continuous Improvement
